

Sunnyside
RADIO

COMMUNITY RADIO...

is different from commercial radio in that it does not sell commercial time to corporate sponsors. Community radio is different from public radio in that it does not derive a significant part of its budget from the Corporation For Public Broadcasting or other government agencies. Instead, stations are financed through grassroots fundraising technologies such as pledge drives, and benefit events such as concerts and festivals. Grants from non-profit institutions are accepted as long as the station is not expected to alter programming.

- \$1000 Gigawatt Sponsor**
- \$500 Megawatt Sponsor**
- \$100 Kilowatt Sponsor**
- \$50 Watt Sponsor**
- \$25 Microwatt Sponsor**

Radio Sunnyside promotes a conscious awareness of the connections between the people and communities of Northern Arizona through the enjoyment of diverse music and progressive public affairs programming.

Our purpose is to provide an avenue for all people to have a greater voice in the decisions that affect our daily lives by fostering a respectful dialogue within and between our communities. Much of our programming will be presented in English, Spanish, Diñe, and Hopi, cuatro lingual if you will.

We encourage compassion for each other and the natural world by honoring the connections between our sense of place, our values, and our communities.

As a program of the Sunnyside Neighborhood Association and communities throughout Northern Arizona, Radio Sunnyside is committed to creating a forum which embraces music, culture, and public dialogue as catalysts for positive change.
